

REMARKS

Claims 54-102 are currently pending and are presently under consideration. Claims 1-53 have been canceled pending entry of these amendments and claim 54-102 have been newly added, support for which can be found in the specification (*e.g.*, pages 10 and 11 for certain relevant support) or the claims as originally filed. Favorable reconsideration of the subject patent application is respectfully requested in view of the comments and amendments herein.

In particular, independent claim 54 (and similarly independent claims 71, 86, 87, 92, and 97) recites, “a feedback receiver that monitors passive feedback in response to the scene displayed by the viewer, the passive feedback is at least one of mood, emotional reaction, or facial expressions.” None of the cited references, either alone or when combined teach or suggest these features or the claim as a whole. Accordingly, all claims are believed to be in condition for allowance.

Conclusion

The present application is believed to be condition for allowance in view of the amendments and comments herein. A prompt action to such end is earnestly solicited.

A credit card payment form is filed concurrently herewith in connection with the \$810.00 fee for filing this reply. In the event any additional fees may be due and/or are not covered by the credit card, the Commissioner is authorized to charge such fees, or credit any overpayment to Deposit Account No. 50-1063[MSFTP304US].

The Examiner is invited to contact applicants' undersigned representative over the telephone to expedite favorable prosecution of the subject application.

Respectfully submitted,
